

TITAN 5 STATION MULTIGYM

TAMPERPROOF &
CORRECTIONAL
GRADE

TITAN

With no moving parts the TITAN 5 station bodyweight multigym, is completely tamperproof and was specifically designed for correctional facilities.

In correctional facilities, completely tamperproof fitness equipment is a critical requirement, but not the only important consideration. The **TITAN** is built to maximize your use of space, and is easily installed in outdoor recreation yards or interior cell blocks. **TITAN: Compact, Rugged, and Completely Tamperproof.**

BIOMECHANICALLY CORRECT.

FIVE BODYWEIGHT EXERCISE STATIONS

The world is full of exercise equipment, but multigyms from Outdoor-Fit like the **TITAN** deliver a real, biomechanically correct, bodyweight workout. Allow your inmates to safely burn off the stresses associated with incarceration without removable items or heavy weights.

With five exercise stations and up to four simultaneous users, inmates can get regular exercise on an incredibly space efficient unit.

COMPLETELY TAMPERPROOF.

DESIGNED FOR CORRECTIONAL USE

The **TITAN** multigym delivers the complete tamperproof security that jail administrators and correctional staff demand.

With no moving parts, the **TITAN** has no pinch points, no entrapment areas, and no removable parts that can be used as weapons.

PROVEN BENEFITS.

OPTIMIZE YOUR HEALTH BUDGET

It's a proven fact that regular exercise has a calming effect. A calmer inmate is an easier inmate to manage. Frontline correctional officers & jail administrators understand and appreciate the positive impact regular exercise has on inmate behavior. Healthier inmates benefit the entire system, and almost every budget.

TITAN

5 STATION MULTIGYM

TAMPERPROOF &
CORRECTIONAL GRADE

The **TITAN** multi-gym is constructed of heavy duty steel which has been polyester powder coated to withstand placement in virtually any outdoor climate. All hardware is stainless steel to prevent rusting and deterioration over time.

Built for safety with no removable parts, the **TITAN** is completely tamperproof and uses only 8' x 10' of working area.

We encourage people to talk to us about how we design, manufacture and support our multigyms.

We're happy to answer your questions and help you make the most of your exercise equipment investment.
